Presidents Report July Meeting 2013

We are all saddened by the news of the passing of one of our club members Julie White. Julie was a popular member and always had something to contribute and a ready smile. She was a wonderful community person being an active member of many organisations often taking on committee roles over many years. The Scouting Movement, Pink Ladies Cancer Support Group and Daffodil Day Committee to mention just a few.

Our thoughts go out to her husband Ian, daughter Karyn and son Matthew. Julie you will be sadly missed as you have left some big shoes to fill.

A lovely day was had recently with the Dinosaur Drivers Club joining us for lunch at the Canowindra Services Club, a follow on from our Canobolas Country Rally last October where we had a stop for morning tea.

Another enjoyable lunch at the Manildra Pub before venturing up to the Amusu theatre for a viewing of the Aussie classic '*Malcolm*'.

For any member wanting to join us for the President's run to Dubbo Western Plains Zoo, 24-25th Aug, please advise me ASAP. I will need to make bookings and arrange payment. Please phone me for details as time will be limited after the August meeting.

Phone 6360 2385.

A number of our members are feeling a little below par at the moment. I wish all those a speedy recovery and hope to see all members back on the road again soon. (*You all know who you are*).

Peter Amos will need to firm up bookings for our run to the Temora Air Show in November. Please contact him with any information so we can confirm numbers.

A discussion on our Christmas party will held at our next club meeting. Please put your options forward.

Happy rambling.
Kerry.
Club President.

Moved; Kevin Penson Sec: Peter Amos that treasurer's report be accepted and that Chris Bromley be reimbursed \$85.20 for club magazine postage. Carried. (No other accounts presented for payment.)

Editor's Report: Chris Bromley reported that he was receptive as always of material for the club magazine and those who wished to receive same via email to contact him if you have not done so as he has perfected the system which is now up to speed. He has also donated a quantity of CD's that he had made of the recent Autumn Tour and were available to members at no cost.

Events Report:

Peter Amos reported on past events and reminded members of coming events as listed in the magazine. The trip to the Newbridge Hotel last month was a success with 20 members in attendance. The midweek run on 4th was only attended by the Shewans and Amos' so they each did their own thing. The movies at Manildra on 14th saw the Dwyers, Heinrichs', Amos', Kerry Risstrom, Sharon Aiken, Lorna Penson & Don Marriott there to enjoy the movie followed by an excellent afternoon tea. Peter reminded the meeting of the luncheon at the Canowindra Services Club on this Sunday 21st and a show of hands indicated 18 members would attend.

General Business:

At the last club meeting in June a motion was carried to authorise Keith Packham to investigate likely costs involved for the replacement of the existing kitchen facilities including cupboards and stove at the club house to bring them into modern day standards and to report back to the July meeting. Keith reported that he had at this stage obtained one estimate to carry out the proposed work. The general opinion of the meeting was that at least one other quotation should be obtained and Peter Amos advised

that he would assist with this task.

The question of the disposal of the old trestle tables had been raised at the June meeting and Keith advised that he had contacted the Davidson's who made them available to the club many years past and they could now be disposed of to some suitable organisation.

President Kerry presented information on her proposed Presidents' Run, the Roar and Snore weekend at the Dubbo Zoo on 24-25 August which included an overview of the weekend activities and likely costings. She will have final information at the August meeting and will be requiring numbers and funds to finalise the weekend. To those who were not at the meeting and would like further information give her a call on her new phone number 63602382.

John Streetfeild presented list of 14 possible club runs which are of interest for the events calendar and whilst the remainder of the year has been mostly catered for they open up the program for 2014 if not utilized this year.

The question of the annual club Christmas party was raised by President Kerry for members to start thinking of a suitable venue. At this time the suggestion has been put that it be held at the Club House but at this stage if you have another alternative suggestion bring it to a club meeting in the near future.

BUT: Chris Bromley for something to do with a memory lapse.

Raffle Won by: Peter Amos

Meeting Closed: 8.50pm

Page filler **You lovers of the English language might enjoy this ..**

There is a two-letter word that perhaps has more meanings than any other two-letter word, and that is 'UP.'

It's easy to understand UP, meaning toward the sky or at the top of the list, but when we awaken in the morning, why do we wake UP?

At a meeting, why does a topic come UP?

Why do we speak UP and why are the officers UP for election and why is it UP to the secretary to write UP a report?

We call UP our friends.

And we use it to brighten UP a room, polish UP the silver; we warm UP the leftovers and clean UP the kitchen.

We lock UP the house and some guys fix UP the old car.

At other times the little word has real special meaning.

People stir UP trouble, line UP for tickets, work UP an appetite, and think UP excuses.

To be dressed is one thing, but to be dressed UP is special.

A drain must be opened UP because it is stopped UP.

We open UP a store in the morning but we close it UP at night.

We seem to be pretty mixed UP about UP!

To be knowledgeable about the proper uses of UP, look the word UP in the dictionary.

In a desk-sized dictionary, it takes UP almost 1/4th of the page and can add UP to about thirty definitions.

If you are UP to it, you might try building UP a list of the many ways UP is used.

It will take UP a lot of your time, but if you don't give UP, you may wind UP with a hundred or more.

When it threatens to rain, we say it is clouding UP.

When the sun comes out we say it is clearing UP.

When it rains, it wets the earth and often messes things UP.

When it doesn't rain for awhile, things dry UP.

One could go on and on, but I'll wrap it UP,

for now my time is UP,

so.....it is time to shut UP!

EDITORS RAMBLE

This Month's magazine contains an extract page from the VMC magazine regarding our ODAMC Autumn Tour. Also included on this page is the front cover of the same magazine as it has a nice picture of Kevin's car in front of the church, Leon included a short article regarding the AHMF Robert Shannon Trust and Bob sent in an article about his FJ Holden Ute. Peter sent in a report and pictures from the July monthly run, and Kerry added some information regarding the presidents run to Dubbo. We also received a flyer for the Centenary of Canberra Rally to be held in October from Ron. Thank you all, it's appreciated. I also added another little snippet at the end of the minutes regarding the English language.

ODAMC Autumn Tour 2013

We have come to expect from Orange Antique Motor Club excellent tours, and the 2013 event was true to form. Fred and Sue in the De Soto Coupe, Ian and Megs in the Sunbeam Saloon and Richard and Wendy Head and I in the Oldsmobile joined over 75 entrants for a 3 day ramble on what has become a most popular biennial event for veteran and vintage cars only.

The Friday tour started after BBQ lunch at the ODAMC HQ and took cars to the Berry Farm at Huntley, antiques at Lucknow and for our group an excellent late lunch at the 2 Fat Ladies Coffee Shop. We returned to the very comfortable Ambassador Motel for a mini VMC 'happy hour' and an excellent dinner.

Saturday's Tour headed to Blayney for morning tea. Richard took the wheel of the Olds allowing me to photograph and we made Blayney just before 'Council morning tea time' so the Sunbeam driver was OK. More great country driving to Trunkey Creek, where, as we 'old hands' had foretold, the local P&C put on a splendid country lunch for the rallyists. The NSW Sheep Dog Trials were on at the adjacent sports ground so the Trunkey Creek stop provided entertainment too.

The drive back to Orange via Millthorpe for a ramble and coffee was through the best autumn afternoon weather and scenery you could ask for. The VMC group maxi-taxed to the Ex-Services Club for the Rally Presentation Dinner where superb music was provided by the local Conservatorium jazz band. The evening rounded out well as the Bradshaws won the major raffle prize of a multi-level tool chest – "now how do we get that in the Sunbeam to take it home?" Fred, who some know surprised all doubters with his confidence that all their cars would fit in his new shed was convinced the tool chest would fit and, next morning, it did!

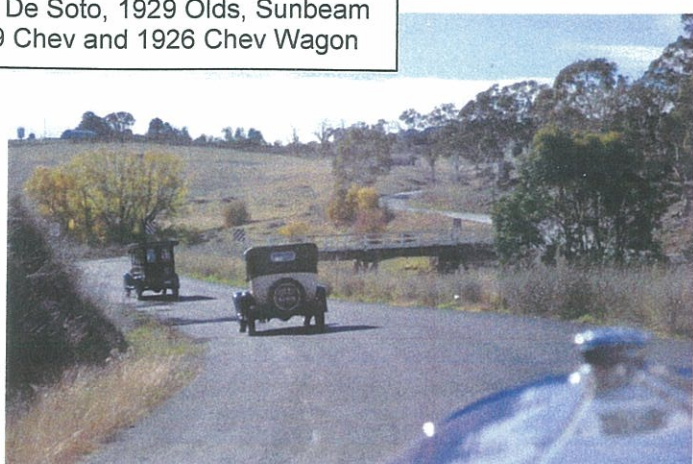

Tool chest and everything else packed we headed back to Rally HQ for the famous ODAMC free farewell breakfast. A last chance for photos and to talk to other rallyists before we set off on an uneventful and pleasant drive home.

AHMF Robert Shannon Trust

The AHMF Robert Shannon Foundation (RSF) was established in 2003 by the AHMF in memory of Robert Shannon, the founder of Shannons Ins who passed away suddenly in 2000. He was a strong supporter of the Historic Vehicle movement and sponsored the 2001 Shannons National Motoring Tour. The Australian Historic Motoring Federation (AHMF) is the national body representing historic vehicle clubs in Australia.

The purpose of the Foundation is to encourage people under the age of thirty to become involved in the restoration and preservation of Veteran, Vintage, Post-Vintage, Historic 50's, Historic 60's, Historic 70's and Historic 80's vehicles up to thirty years old.

The RSF gained tax free status this year and were able to award the four grants because the AHMF provided the foundation with additional funds. The foundation will assess the best way to invest these additional funds so that they can use the earned interest of the now much larger pool of money to encourage more younger people into the historic vehicle movement

The recipients to receive grants this year were,

Ben Alcock a 21 year old from Balwyn North Victoria restoring a 1912 Renault AX

Brodie Bishop a 19 year old from Williamstown SA restoring a 1923 Fiat 501

Andrew Brown a 17 year old from Jiliby NSW restoring a 1928 Model A Ford

Christopher Rabey a 27 year old from Nowra North NSW restoring a 1948 Ariel Red Hunter M/Cycle.

Ben, Brodie and Andrew received \$1500 each and Christopher received a \$500 grant to go towards their respective projects.

Andrew Brown was presented with his \$1500 grant at the recent CHMC Half-Yearly meeting held on October 20th at the Pioneer Village in Wilberforce.

My Ute

A short history on my 1954 FJ Holden ute. This ute was purchased new by G F Miller in september 1954 less than a week before his wedding. Gordon drove this ute in the activities of duck farming at Prestons near Liverpool, serviced by the Five Ways Garage and McGraths Holden at Casula, just down the road. In 1984 the DMR began resuming land for the new highway and Cedar Rd was in the way so Gordon and his young family moved to a property on the Cargo Rd, the ute and an X PMG 30cwt truck making quite a few trips. By this time the ute had over 100.000 Miles on the clock, the utes rego ran out in 1989 and did farm work for a while. Around this time while servicing some of Gordons farm equipment he asked me to loosen the brakes on the old ute as they were binding on due to seized wheel cylinders, job done and comment made that if he wanted to sell it to give me next offer as his 5 kids came first. In the mid 90s Gordon was told he had Parkinsons, and his wife gave me a call to ask did the offer still stand [silly question really] It took me all of 5 seconds to say yes. At this time no price had been mentioned. Gordon rang work one day and during the conversation on us moving equipment to John Cobbs at Cudal he made the statement that if the tilt tray was going in empty, the ute should come in to MY place[1998.] DONE. Next came the price to be paid and a deal was struck, the easy bit was now over and the work began. Gordon passed away 26.4.2004. The ute attended his funeral at Prestons. details of work done. New exhaust system,

Remove all wheels, replace old conventional tyres with new radials.

Remove brakes and rebuild, new linings, rubber hoses, resleeve wheel cylinders and master cylinder and machine brake drums. New clutch plate, New engine mounts. Radiator cleaned, New hoses.

Repack front wheel bearing. Renew oil seals in diff, g/box and timing case on engine. Full tune up.

Next it was off to the Panel beaters to fix a couple of problems, turned out bigger job than first thought, but all new panels [outer sills] supplied by Old Era [peter Jackson]. First run was to Parkes Swap Meet.

The ute now [june 2013] has close to 150,000miles with a lot of those done on the Central Australian trip to Alice Springs, Ularu, Kings Canyon, with a return trip via Burra and Lake Boga. Still having fun and we are off to another All Holden Day in early August where twice we have come home with a trophy from over 800 entries. Specs, - 6 cylinder 2.15 litre [132 cubic inch] Gearbox, 3 speed, Tyres, 5.90 X 15", no heater, no radio, Extras fitted in 1956, sun visor, weather shield, and rear step. Cylinder head up graded to run unleaded in 2012. currently owned and driven by Margaret and Bob Mc Neill.
