### EDITORS RAMBLE.

I, as editor, would like to wish all members and their families and friends a very happy and safe Christmas and new year period. This months magazine (December) is out a little earlier than usual as I am going away kayaking in the snowy mountains. January's magazine will be late as Wangerang is closing down over Christmas / new year and wont open up again until about the second week in January 2015. After the AGM meeting, we have some new office bearers. Thank you, from all club members, to those people departing the positions and welcome to all the new members who have taken up positions , and of course to all those members who have donated articles and pictures to the magazine over the last year.

This Month's magazine contains The Autumn tour entry form, a report and some pictures sent in by Bob from the Neville Show. Some pictures of club cars that haven't appeared on the front page of the mag as we don't have enough months in the year to show them all. An article I saw written by the Late Douglas Adams, of Hitchhikers Guide to the Galaxy fame titled 'An outsiders view of us Aussies'. And some interesting actual 911 calls that have been made, as a page filler.

#### Neville Show

Decided to give the ute a run out to the Neville Show, the day was fine to hot and on arrival I was met at the gate and shown where the vintage cars would be parking, for a town of only 100 people they sure know how to get the show ground rocking, lots of horse events, ute muster, chainsaw competitions, lots of stalls and displays. At least 3 car clubs attended, ODAMC, Mid West and Bathurst, with all the events on this week end it was a good roll-up. Well done to the Show Committee. Good run home. Bob.

## An outsider's view of us Aussies!?

The following is by the late Douglas Adams of "Hitchhiker's Guide to the Galaxy" fame. "Australia is a very confusing place, taking up a large amount of the bottom half of the planet. It is recognizable from orbit because of many unusual features, including what at first looks like an enormous bite taken out of its southern edge; a wall of sheer cliffs which plunge into the girding sea. Geologists assure us that this is simply an accident of geomorphology, but they still call it the "Great Australian Bight", proving that not only are they covering up a more frightening theory but they can't spell either. The first of the confusing things about Australia is the status of the place. Where other landmasses and sovereign lands are classified as continent, island or country, Australia is considered all three. Typically, it is unique in this. The second confusing thing about Australia is the animals. They can be divided into three categories: Poisonous, Odd, and Sheep. It is true that of the 10 most poisonous arachnids on the planet, Australia has 9 of them. Actually, it would be more accurate to say that of the 9 most poisonous arachnids, Australia has all of them. However, there are few snakes, possibly because the spiders have killed them all. But even the spiders won't go near the sea.. Any visitors should be careful to check inside boots (before putting them on), under toilet seats (before sitting down) and generally everywhere else. A stick is very useful for this task.

The last confusing thing about Australia is the inhabitants -  
A short history: Sometime around 40,000 years ago some people arrived in boats from the north. They ate all the available food, and a lot of them died. The ones who survived learned respect for the balance of nature, man's proper place in the scheme of things, and spiders. They settled in and spent a lot of the intervening time making up strange stories. Then, around 200 years ago, Europeans arrived in boats from the north. More accurately, European convicts were sent, with a few deranged people in charge. They tried to plant their crops in autumn (failing to take account of the reversal of the seasons), ate all their food, and a lot of them died. About then the sheep arrived, and have been treasured ever since. It is interesting to note here that the Europeans always consider themselves vastly superior to any other race they encounter, since they can lie, cheat, steal and litigate (marks of a civilized culture they say), whereas all the Aboriginals can do is happily survive being left in the middle of a vast red-hot desert, equipped with a stick. Eventually, the new lot of people stopped being Europeans on 'extended holiday' and became Australians. The changes are subtle, but deep, caused by the mind-stretching expanses of nothingness and eerie quiet, where a person can sit perfectly still and look deep inside themselves to the core of their essence, their reasons for being, and the necessity of checking inside their boots every morning for fatal surprises. They also picked up the most finely tuned sense of irony in the world, and the Aboriginal gift for making up stories. Be warned.

There is also the matter of the beaches. Australian beaches are simply the nicest and best in the world, although anyone actually venturing into the sea will have to contend with sharks, stinging jellyfish, stonefish (a fish which sits on the bottom of the sea, pretends to be a rock and has venomous barbs sticking out of its back that will kill just from the pain) and surfboarders. However, watching a beach sunset is worth the risk.

As a result of all this hardship, dirt, thirst and wombats, you would expect Australians to be a dour lot. Instead, they are genial, jolly, cheerful and always willing to share a kind word with a stranger. Faced with insurmountable odds and impossible problems, they smile disarmingly and look for a stick. Major engineering feats have been performed with sheets of corrugated iron, string and mud.

Alone of all the races on earth, they seem to be free from the 'Grass is greener on the other side of the fence' syndrome, and roundly proclaim that Australia is, in fact, the other side of that fence. They call the land "Oz" or "Godzone" (a verbal contraction of "God's Own Country"). The irritating thing about this is they may be right.

#### TIPS TO SURVIVING AUSTRALIA

Don't ever put your hand down a hole for any reason WHATSOEVER.

The beer is stronger than you think, regardless of how strong you think it is.

Always carry a stick.

Air-conditioning is imperative.

Do not attempt to use Australian slang unless you are a trained linguist and extremely good in a fist fight.

Wear thick socks.

Take good maps.. Stopping to ask directions only works when there are people nearby. If you leave the urban areas, carry several litres of water with you at all times, or you will die.

Even in the most embellished stories told by Australians, there is always a core of truth that it is unwise to ignore.

#### HOW TO IDENTIFY AUSTRALIANS

They waddle when they walk due to the 53 expired petrol discount vouchers stuffed in their wallet or purse.

They pronounce Melbourne as "Mel-bin".

They think it makes perfect sense to decorate highways with large fibreglass bananas, prawns and sheep.

They think "Woolloomooloo" is a perfectly reasonable name for a place, that "Wagga Wagga" can be abbreviated to "Wagga", but "Woy Woy" can't be called "Woy".

Their hamburgers will contain beetroot. Apparently it's a must-have.

They don't think it's summer until the steering wheel is too hot to handle.

They believe that all train timetables are works of fiction.

They all carry a stick!

Dear fellow Vintage Motoring Enthusiast,

We would like to extend an invitation to you to join us on the 1<sup>st</sup> / 2<sup>nd</sup> / 3<sup>rd</sup> May 2015 for our bi-annual Autumn Tour.

The Tour is organized especially for pre 1931 vehicles. Over 70 vehicles entered our last Tour including 2 veteran vehicles. It is anticipated that this year we may have up to 100 entries.

Orange is known as the "Colour City" and Autumn is certainly a great time to come and visit. The early mornings may be a little frosty but the days are mostly moderate and sunny making perfect weather for touring around our colorful countryside.

Entries close on Friday 17<sup>th</sup> April. Registration will commence from 9:00 am on Friday the 1<sup>st</sup> May at our Club House, 11 Louie Lane, Orange with a free morning tea being provided.

After lunch there will be a short Run around the outskirts of the city visiting several places of interest. A map will be included in your Rally Bag.

Saturday will see us travelling on quiet country roads to visit the historic "Old Errowanbang Woolshed" built in 1886 where after a tour your morning tea will be available. We will then travel on to the small village of Neville for lunch where the vehicles will be judged, before returning to Orange. This run will be approximately 80 miles or 130 klms.

The Presentation Dinner will be held at the Ex-services Club, Anson Street Orange on Saturday evening from 7:00pm.

This will be our 6<sup>th</sup> Bi-annual Autumn Tour and an Entry Form is attached.

Our members look forward to seeing join us at the Rally.

Keith Packham
