ORANGE DISTRICT ANTIQUE MOTOR CLUB INC

Hi All. I hope you all had a great Christmas and an enjoyable welcoming to 2012. I would like to thank the out going editor, Peter Amos, for his dedication to the newsletter over the past years and all the assistance he has given me to continue with the good work. I hope I can keep up the high standards he has set.

I had better introduce myself to you all so you know who I am.
Chris Bromley.

I am a Registered Nurse and I am employed full time as the Nurse Manager of a male sever challenging behavior unit.

I also work with Western Area Health on the Emergency mental health number and in various other units.

I live at Emu swamp on a property and I am the proud owner of a 1970 Hillman Hunter.

My contact details are 63659224 or 0428659224 and my email is cbromley111@optusnet.com.au any information, news, interesting stories or pictures, or anything that we can add to the newsletter would be gratefully appreciated.

The picture I took of the group at the registration day didn't turn out to well so I added these interesting Grill pictures.

Just a reminder that membership subscription of \$40.00 is now due. Payment now would be greatly appreciated. Please see Kevin Penson for a receipt.

Experience Orange and District for Easter 2012

Come and join us on the beautiful central tablelands. Orange and the surrounding historic towns and villages offer scenery coloured by autumn tones as well as a variety of local produce and wines.

Orange is located on the Mitchell Highway 260 kilometres (160 mi) west of Sydney at an altitude of 862 metres (2,828 ft). Orange presently has a population of approx 35,000 and the city is a major provincial centre.

Mount Canobolas provides a landmark back drop for the city with an altitude of 1,395 metres (4,577 ft) it gives commanding views of the district.

Orange is a well-known fruit growing district, and produces apples, pears, and many stone fruits such as cherries, peaches, apricots and plums (no oranges because it is too cool) A large number of vineyards have been planted and the area has become known for wine production. The growth of the wine industry has been coupled with the further development of gourmet food as a feature of the region.

Orange has a temperate climate, with rainfall distributed fairly evenly throughout the year. So bring your cardigan or jumper and breathe the clean fresh county air.

Come and join us for scenic runs, a chance to catch up with old friends and make some new ones, enjoy good country hospitality and share a common interest in historic vehicles.
