Dear Autumn Tourers,

Thank you one and all for attending the Autumn Tour in Orange last weekend. We were very happy with the rally and hope you were as well. We have had several comments regarding the proposal of extending the timeframe for an extra day. Some are happy to leave things the way they are, others come on Thursday and return on Monday anyway, so it would not make a lot of difference to them. Personally we feel it would be a great thing to have the cars on display somewhere in Orange for a couple of hours for the general public to have a good look at our magnificent machines. We will have to jump through lots of Council hoops to be able to get permission to do that. If you have any thoughts, please email us and we will pass it onto the Parkes Club as well as making a note of the comments for our turn again in 2019.

The Tour was on the WIN News and Prime news and I have been able to copy the link from the WIN Facebook Page so you can look at it.
