President's Report February Meeting 2013

Autumn has certainly arrived with a vengeance, along with good falls of much needed rain. The best for some years according to the weather bureau. Autumn is my favourite time of year in our lovely city. It seems to bring out the best in everything.

The members of the Millthorpe Museum would be very pleased with the Hands on Day held last weekend with a number of our Club members making the journey out to participate. It's been a long time since I have tasted home made butter fresh from the cow, with Rosemarie's Mum passing on her skills of separating and beating, to a whole new generation. Of course you have to catch the cow first..! The Museum as a whole is a credit to the dedicated team which maintain and preserve our heritage. Congratulations the people of Millthorpe.

The Gnoo Blass Classis was a huge success. The placing of vehicles in a circular display made it very easy to get around. Our own member Frank Johnston coming away with an award for 'Best Car in Show' Congratulations Frank.

Our run out to the Amos Household on Sunday 24th was a wonderful day with eight vehicles attending. And of course once again, Rosemarie putting on a feast fit for a King. A big thank you to Peter and Rosemarie. The 'Little B' decided to have a home day not wanting to venture out in the rain. Thank goodness for handy mechanics willing to offer a hand with Keith putting his skills to work on a very old clutch system. A couple of purchases, a few nights tinkering and we are on the road again. A full check over is scheduled before tripping down to Bega for the Easter rally has been arranged.

At our February meeting we welcomed two new members. Trevor Gaut from Canowindra and Fred Scholtz, a new comer to our district. Many of our members will already know Trevor as he has entered many of our rallies over the years. Fred and his wife Francis as new to Orange. We welcome you both.

A rally meeting for our Autumn Tour will be held Wednesday 13th March, before the next general meeting. 7.30pm. Time is ticking away and although everything is in place a few loose ends need to be attended to. All welcome.

In my next life the only children I am going to have, is Grand Children..!!

Happy rambling,
Ms Kerry Risstrom.

A COWBOY TOMBSTONE :

Here are the Five Rules for Men to Follow for a Happy Life that Russell J. Larsen had inscribed on his headstone in Logan , Utah . He died not knowing that he would win the "Coolest Headstone" contest.

FIVE RULES FOR MEN TO FOLLOW FOR A HAPPY LIFE:

1. It's important to have a woman who helps at home, cooks from time to time, cleans up, and has a job.
2. it's important to have a woman who can make you laugh.
3. it's important to have a woman who you can trust, and doesn't lie to you.
4. it's important to have a woman who is good in bed, and likes to be with you.
5. it's very, very important that these four women do not know each other or you could end up dead like me.

EDITORS RAMBLE

This Month has the Entry Form for the Central Tablelands Autumn Tour for 2013. A Shannon's Wheels flyer to celebrate 100 years of motoring in Canberra. Bob McNeil emailed in a report with some pictures from the Oberon Fair.

"Another year done and dusted, we drove down on Thursday night to avoid a rushed Friday start, the tractors went out early, 9.00 on their way to Tarana for lunch, visiting some collections on the way. The cars left a bit later, 10.30 and after winding along the scenic back roads finished up at O'Connell for lunch with a slow run via Wisemans Crk back to Oberon, arriving back near 4 Pm. About 30 cars took part with one couple joining in at the last moment. On their way to Canberra for a birthday party, saw the Fair sign thought they'd have a look, liked what they saw, invited to tag along so they phoned the grandkids and said see you TOMORROW. The wife person bought the Series1 Morris Major new and has owned it ever since, the Proppet Van is a new addition. Just as a scud of rain went thru the tractors arrived, kept the dust down. Saturday dawned clear and warm, everybody lined up at 10.00 for the street parade and we were back at the football ground by 11.15. A much bigger crowd this year and it was good to see most local clubs represented, several Sydney Clubs also attended. Lots of Trucks and stationary engines as well. For a small club this is a fantastic effort, with the whole town involved in making us welcome. As Arnie says, "We'll be back ". Bob"

Bob also sent in a report and picture from the National Servicemen Memorial Day Service held at Newman Park

National Servicemen Memorial Day Service

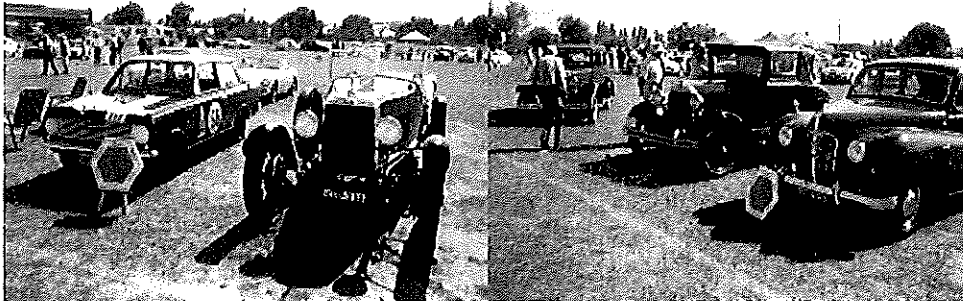

"Sunday 10th Feb, another great day in paradise, Form up time 10.15am, the rabble slowly came together and almost in unison came onto the parade grounds [Newman Pk] the review took place and the presentation of medals, one of ODAMC,s members, Dick Jane was a recipient this year, Brigadier David Webster handing out the gongs. A march up thru the Memorial grove of trees, planted in honor of WW1 East Orange locals, to the service and wreath laying under the guidance of Chaplain Howard Knowles. By midday it was all over. Thanks to the Pipe Band, City Brass band, Kinross Cadets, 329 Squadron Air cadets, it was a great day to give the blitz a run. Bob"

Gnoo blas happened again on the weekend, and as usual, was a huge success with a very good array of cars and clubs attending. The numbers appeared to be slightly down on last years but this was probably due to the Bathurst race also being held on the same day. Some of our club members and their cars attended and these where very popular with the spectators.

Ron Shewan emailed a report on the library. Thank you for all your work Ron

An overheard conversation on a mobile phone whilst waiting to be served at the Post office

"Last year, I replaced, like, all the windows in my house with those expensive, double-pane, energy-efficient kind. Today, I, like, got a call from the contractor who installed them. He complained that the work had been completed a year ago. and I still hadn't, like, paid for them. OMG! Hellowoooo,..... Just because I'm blonde doesn't mean that I'm, like, automatically stupid. So, I told him just what his fast-talking sales guy told me last year -- that these windows would, like, pay for themselves in a year. Hellowoooo? It's been a year, so they're, like, paid for, I told him. There was only silence at the other end of the line, so I finally hung up. He never called back. I bet he felt like an idiot."

My contact details are 63659224 or 0428659224 and my email is cbromley111@optusnet.com.au for any information, news, interesting stories or pictures, or anything that we can add to the newsletter. All is gratefully appreciated. Chris.

Car Club Library

Having promised two years ago that I would attempt to get the library in order, I have now completed the task. There is a copy of the listing on the Club's website thanks to Andrew so anyone who has an internet connection can peruse it. For those who do not, I will make copies available on request. Instructions on how to get hold of an item are explained at the start of the list and I will go through the motions at the meeting. I was first involved when Dick Jane was attempting to fight the spiders in the large glass fronted bookcase. He became very much involved with the setting up of the new hospital and his membership of Rotary so he stood aside and left me to it but I am grateful for his assistance. I am also indebted to Michael Smith for his help in setting up the cabinets in the hall and Bob Bowden for early copies of the magazine. The smooth operation of compiling and storage was interrupted by refurbishing of the hall and as a result, there seems to be a handful that I now cannot find. If you come across one in the store room with a long thin strip of paper with typed wording on it, please let me know

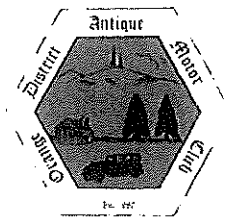

The library is now YOURS. Please make use of it.

It contains all sorts of things that I could have thrown out but that might have offended some people so it is all still there. I have stored things of similar size together so that small things are not hidden by larger ones. Many hours could have been spent on some items which are in poor condition but in most cases they contain very valuable info.

Well that's it. I am stepping back. Frankly I have just about reached the stage where I am sick of the sight of it. (Kidding of course).
