President's Report for May 2016

Well it looks like cooler nights so autumn is here. We have had an events committee meeting recently, with events plan in place until the end of January 2017.

There was a good roll up for the run to Dave Perry's and our place. We fed 36 people for lunch which was very pleasant good company has by all. I understand that Orange Show was well attended which was on the same weekend. This weekend is taken up with Anzac Day remembrance activities.

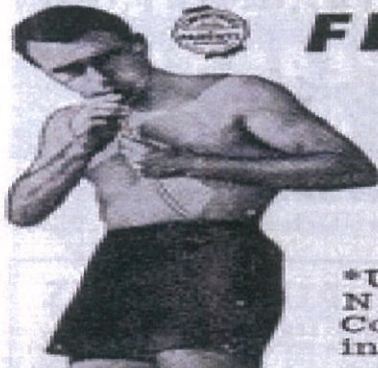

The next major event is the Dubbo Autumn Tour pre 1931 rally. The National Heritage Motoring Day is a club run anyone wishing to attend the events will make your own arrangements. The run to Abercrombie House has a change of meeting time 9.30am at the park on the highway at the turn off to Blayney we will need numbers at the next meeting.

This seems that this year is for traveling Peter and Rosemary have gone around Australia in their caravan, Bruce and Joan have gone to New Zealand, Kerry will be off to Canada and America in May, Chris is going overseas in June for 8 weeks and we will be going overseas for 10 weeks we leave 7th June back on 12th August just in time for the August meeting. There could be others but this is what we have been told. I suppose the club will survive in their absence.

There will be full details and information on the Presidents run which is in October in the next magazine.

Yours in vintage motoring

Neville ANZAC day,

We headed out of town about 9.15 to meet up with the others at 9.30 outside Highland Heritage on Bathurst road, The Dodge went through first and we left soon after ,Don and his Jeep caught up with us soon after that. We had a quick stop at Blayney and then went on to Neville. The rain held off until the end of the service but as we headed up the hill the heavens opened up. Once again a great spread was laid out for us. We had some light drizzle as we left but it cleared the closer we got to home, Four different makes of vehicle attended. Jeep, Ford, Dodge and Chev.

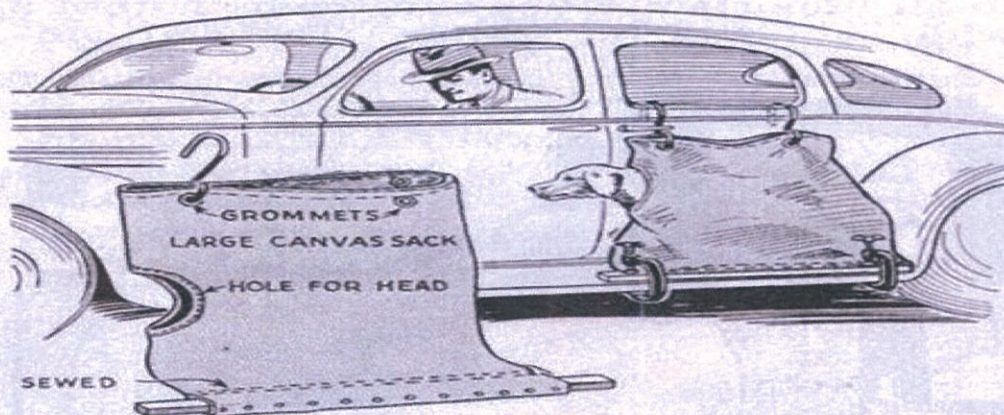

Bob.

Orange Show 2016,

We arrived at the showground a bit after 8.00 to find Dave and his Bedford already drawing a crowd. I was soon followed by Bruce in his A model Ford, Bev in the Vauxhall, Jim with the Chrysler Kevin in the Austin and Don snapping at our heels in the Jeep. Ken Harpers Dodge was installed with the 1/19th Army Reserve unit. The cars always draw a lot of attention and as time drew closer for the grand parade the Miss Showgirl contestants almost fought over who was going in which car, Jim (lucky bugger) convinced two young ladies to grace the back seat of the Chrysler. We stayed around until after the fireworks. What a great show.

Dog Rides Comfortably in Sack on Running Board

Your dog will ride safely in this sack, which is quickly attached or removed

When you take your dog along for a ride, but prefer not having it inside the car, it can ride safely and comfortably in this sack, which is carried on the running board. The bottom of the sack is clamped to the running board and the top is fastened to the lower part of an open window with hooks, covered with small rubber tubing to prevent marring the car.

The Orange Club's Hard Luck Story from the Easter Rally – Temora 25th March 2016

Lyndhurst, NSW, Great Western Highway, Friday 25th March at 11.00am.

The McDougall 1929 Dodge (Competitor No 60) succumbed to the first ever (in the McDougall history) flat tyre, the right hand rear, right at the first entrance to the Lyndhurst village. It made the trip from Orange and got this far....

So...this lead to a call to the Nicholson's' to "Come Back". The Nicholson's were leading the pack (for the first time in the Chandler...now that's another story or two)..!

Lyndhurst locals and car club members the Bloomfield's also arrived to help with this emergency. So we had 8 bodies all looking and offering advice to remove the spare tyre from the spare wheel carrier (both the drivers and passenger sides).

A key was produced and 1 hour later the key was still not unlocking the lock that held the rod that secured the tyre.

By this time, we had three Armidale cars stop to render assistance, then there were 13 helping hands, all experts of course!

Time was ticking away and the lunch spot which was going to be Young was now back at Cowra – we would get there eventually! We girls did contemplate though, getting the chairs and wine out beside the Dodge.

Richard was sent home (luckily it was just up the road) for more tools (and he thought he had everything he would need in the Hupmobile), but not was needed to remove the rod to get the bloody tyre off!

A quick phone call to Richard who was half way back to the 'Breakdown" spot, saw him do a U turn and go back to his workshop for a hack saw – the final assault on the tyre rod.

We are now heading close to the two hour mark, spitting rain and no spare on the replace the flat tyre.

Trucks, cars, bikes, police all heading off or working the Easter break tooted horns, slowed to look, slowed to laugh at us silly lot changing this tyre.

Hacksaw in hand, finally we had a winner.....

In record time, the flat was back in the holder and the replacement, which luckily wasn't flat...was on and we were ready to roll again 2 hours later.

A phone call to the previous owner, Geoff, to ask him how to do the lock, "just keep putting WD40 on it and keep turning it" great advice but it didn't work – Geoff was more worried about damaging the paint work – a definite No No in his eyes.

A lesson to all, make sure the spare tyre comes off easily....and for Deanne and Andrew, "there's a first time for everything".

Luke we travel together and help one another along the way.

The Moral of the Story....

How many grey heads does it take to change a Dodge tyre....Why "4" of course, as you can tell by the photo.

And as a result, Andrew won the "Hard Luck Story" and was presented a trophy. No doubt it will sit proudly for one and all to see and be reminded of this fun trip as well.

But wait.there's more....On the trip home, the lead changed and the Nicholson's demoted themselves from the leaders of the pack to the back of the pack to bring up the rear guard, and to their great surprise...two sleeping bags came flying out of a trailer being towed in the opposite direction and landed on the Chandler, no real damage, other than a side light gone! John went back the following day, low and behold, found the rim where it hit the ground and the glass beside the spare wheel....!

Winners all round this weekend.

The Orange line up!

Kerrin Nicholson

Re: Lifeline Central West – Soar, Ride and Shine

Dear Sir,

On behalf of the board of Directors, I would like to extend an invitation to your club to join us at the inaugural Lifeline fundraiser, "Soar, Ride and Shine" to be held at the Bathurst Airport on the 15th May 2016.

As the name implies, the event will bring together aviation, collectable and vintage cars and motorbikes of all descriptions. I have enclosed a registration form for your perusal.

Most people would know the work that Lifeline does through the 24/7 13 11 14 crisis line. What most people may not know is that Lifeline nationally took over 1,000,000 calls last year and call numbers are growing by approximately 12% each year. To attract and train volunteer telephone crisis supporters is an expensive business hence the need to raise funds through community events like Soar, Ride and Shine.

Bathurst is the home of motor sport and is a comfortable 2hr drive from Sydney. The typical autumn weather is crisp and clear.

The registration form and the poster attached provides a significant amount of information. However if we can be of further assistance please call us on 1300 798 258.

Yours sincerely
