Meetings are held in the Club Rooms on the Third Monday of each month commencing at 7:30pm at Louie Lane, Spring Creek. All visitors are welcome. Note, the editor and/or club members do not necessarily share the opinions that may be expressed in the magazine.

President's Report

October 2010

My companions and I had great fun with our touring to and from Rylstone over the weekend and I am so happy to be now surrounded by native flowers. Fortune favoured us with a warm Friday for morning tea and tour of Ted and Joan Cutler's home then onto to lunch with our entertaining Bush poet and mural artist in Portland. As with all small towns visiting groups are very welcome and especially the "soft top" cars.

In my opinion this Rylstone/Kandos area is undervalued with it's historical significance to the building of this state's economy and influence in Australia. For me, this area holds great interest because of its vast geological and environmental importance as well. Perhaps I would like to encourage more interest because this area is aged as millions of years and was under the sea which now makes International mining companies interested in buying and locking up because it is rich in coal .

Our lucky weather changed so we can blame it for the fact that our plans for gaining further knowledge of the Pagoda rock formations which are part of the "Gardens of stone" National Park and Dunns swamp. Perhaps our guest speaker on Saturday night encouraged further trips to be envisaged?

This weekend the Canberra Car Club has been invited to the Club House for Afternoon tea. I know you will come and socialise at 3pm with fellow Members of the Car club brotherhood if you can. To take advantage of our guests arriving it was passed at the last meeting for members to come at 9.30am and have a working bee within and without the club house. So, any help during the day to achieve a maxim benefit will be appreciated and to keep our strength up we will have a Club BBQ lunch.

Bev Holland.

Peter

Last week I received a call from a member of Lions to see if I was interested in doing a shift at the Driver Reviver Stop as a member of ODAMC. Since I've pushed for this, the challenge was taken up and both myself and Charles Stammers did the 6 to 8 shift on Friday night. During our time about 22 people called in for a cuppa and bikkie. The Lions members came on at 8pm with the Rotary Club booked for Saturday shifts. As a PR exercise this is one area that the club could make an impact and I for one feel the ODAMC should continue to support the Lions club in offering to man some shifts.
Bob.

President's Run to Rylstone

The weekend away was a great success with 20 members enjoying the countryside and the magnificent sandstone escarpments in the Wollemi National Park. Based at Rylstone, members discovered another part of the Greater Blue Mountains that not many of us had experienced before. The view from Pearson's Lookout at Capertee into the Wolgan Valley was just amazing. The history of Walker's Church was also quite incredible. Congratulation President Bev on organizing a very enjoyable and pleasant run.

Lunch at "Simmo's" Museum

THE LATE TED WILSON

Ted was, of course, an active and enthusiastic member of the Orange Antique car Club until his untimely death.

Ted's wife, Betty, has now reluctantly decided that she should sell Ted's pride and joy, his 1931 CHEVROLET SEDAN. Betty is not able to properly maintain and drive the car. Although it is under covers in the locked garage, she is worried that it is not receiving proper care. It will be very sad for her, but she feels it is best to let it go to a good home..

Club members will remember the years that Ted and Betty regularly turned up to club drives and rallies in their 1928 Chev ute. However, on Ted's retirement from his business, he decided that the time had arrived when he and Betty were entitled to the comfort of a sedan with "wind up windows" Ted searched for a long time rejecting numerous cars (it had to be a Chevrolet) until he located the 1931 model in beautifully restored condition. And it was so sad that they had such a limited time to enjoy the car before being struck with the awful illness that caused his death.

The car is on full rego, it's history is known and the manuals are still intact. There is a large stock of spares including a long motor, gear box etc etc

Betty is asking a price of \$25,000 including the spares which, incidentally, is the price Ted paid.

The car can be inspected at Neville by phoning Betty at 02 6368 8455
