EDITORS RAMBLE.

Welcome to the July 2020 edition of the ODAMC newsletter. It has been a slow month for members sending in items of interest as I suppose we are all abiding by the regulations relating to groups of people and as a result there have been no activities. As we don't have any minutes this month, I have used that space to include some pictures selected at Random from the club's photo archives. We certainly have some beautiful pieces of machinery in the club.

The events committee met last month, after the newsletter had been sent out advising that limited events could commence. I do apologize for any confusion this may have caused. It was decided at that events committee meeting to cancel all events and meetings until further notice. This was a difficult decision for the committee to come to but as the majority of members fall into the high-risk group (60yo+) it was decided to err on the side of caution.

**PLEASE NOTE, ALL CLUB EVENTS ARE
CANCELLED UNTIL FURTHER NOTICE**

The events committee plan on meeting again after restrictions are modified to stage three on July 1st to assess if we can recommence our runs and events again.

As travel restrictions were lifted on 1/6/20, I drove my campervan up to Moree and spent a few days wallowing in the hot baths. The local Caravan park only had about 5 vans when I pulled in but within a few days there where about 150 vans as it was a long weekend. The local businesses where very appreciative for the clientele.

I just got back from a trip to Broken Hill and on to Tibooburra, I just love that desert country. It was good to do some kayaking around Menindi lakes catchment area. The lakes are bone dry but heaps of water in the catchment. It was good to meet up with a couple of guys from the Broken Hill car club who were out enjoying their cars. I managed to take some pictures of a car yard just out of Broken hill that I think I have included in the newsletter previously from another trip there. There are some mouth-watering cars to be seen. Of course, the place is heavily fenced. It looks like a Peugeot 203 wagon, A line of Austin Utes, another line of Standard vanguards and an assortment of Studebaker, Wolseley, Fiats et al. I have put some pictures in the out and about section for your perusal, Enjoy.

Keith and Nancy sent in some application and entry forms for the Council of Heritage Motor Clubs that is to be held from 8th to 12th April 2021. Sounds like it will be a good event.

I borrowed this little snippet from the March 2020 RUSTY RELIC as I think it's good for all of us to remember

Help make the roads safer. Slow down, keep your distance and put your phone away.

Please forward any items of interest to Chris Bromley on 63659224 or 0428659224 or email at cbromley111@skymesh.com.au for any information, news, pictures or anything that we can add to the newsletter. All is gratefully appreciated.

Out and about.

FOR SALE AND WANTED

Please note, advertisements will run for three months unless you advise the editor to the contrary.

(4) FOR SALE. 1991 Ford Capri convertible. 1.6cc,4 speed Auto, Power steering, power windows, A/C, new tyres, Very rare factory Hard top. Has had the hardtop fitted for most of its life so the soft top is in very good condition with no fading or rips. Fits very well and is easy to put up and down. New front strut tops. Very well maintained. These are great little entry level sports cars that are cheap to run and maintain. Very easy to drive and very good fun. This one has done 200000km and does have cracks to the dash but otherwise presents very well, was owned by a mechanic in Blayney. June 2020 Rego. (Eligible for club rego next year)
\$2500 without the hardtop or \$3000 with it fitted, Chris (ODAMC member) 0428659224

(4) WANTED Allan from Bathurst

I recently started restoring a 1927 Chevy truck

Do you know or could give me the details of anyone with a Rear Left 1927 Chevy 1 tonne wooden wheel please?

I have 3 wooden wheels and 1 steel. So would love to get onto a rear wheel.

Thanks. Allan. 0466523581
