General Business:

Bruce Heinrich spoke on the rule that a member must attend 3 events during the year to retain the right to concessional registration, that was removed by a rescission motion last month. He is concerned that this will lead to members using the club for convenience merely to obtain registration and then contribute nothing to the Club. After much discussion it was agreed the Club should re- examine the matter during 2022.

Members of the Management Committee have met with Jason Brough from Lands Dept and Nick Redman from Orange Council to discuss our relocation. Committee felt that there is a genuine effort being made on our behalf. A number of potential sites were mentioned and We have requested inspections and details be arranged shortly. Some sites mentioned were on a share basis with other organizations which was not considered ideal. Lands Dept have promised to furnish us with a formal letter on our removal in due course.

Keith Packham reported that we should change our Constitution to reflect our vehicle eligibility as only accepting original (not modified) vehicles.

The work on the tree removal has been promised to be finished by mid- January.

Steph O'Dea will keep his sheep here as long as possible and paid another donation for 2022.

There will a meeting to further discuss the Autumn (pre'31) tour at 7.30pm on 10th January 2022 at the Clubrooms. Any Member who is interested is welcome.

It was reported that over the last few years the A.Cameron Award for Pride of Ownership was being awarded by the Scrutineers on Inspection day. Members were reminded that the Award was to be by the Management Committee for the highest standard of vehicle presentation **during the year.**

In Closing, the President on behalf of the Committee, wished all member a Happy Christmas and all the best for 2022

BUP Trophy: N/A

Raffle Prize: Wilga Coutts (who drew her own ticket.)

How Crypto Currency works... an analogy in Layman's terms.

Not long ago a merchant found a lot of monkeys that lived near a certain Village.

One day he came to the Village saying he wanted to buy these monkeys!

He announced that he would buy the monkeys at \$100 each.

The Villagers thought that this man must be crazy - How can somebody buy Stray Monkeys at \$100 each?

Still some People caught some monkeys and gave it to this merchant and he gave \$100 for each monkey.

This News spread like wildfire and People caught monkeys and sold them to the merchant.

After a few days, the merchant announced that he will buy monkeys at \$200 each.

The lazy villagers also ran around to catch the remaining monkeys!

They sold the remaining monkeys at \$200 each.

The merchant then announced that he will buy monkeys for \$500 each!

The villagers start to lose sleep!.... They caught six or seven monkeys, which was all that was left and got \$500 each.

The Villagers were waiting anxiously for the next announcement.

Then the merchant announced that he is going on Holiday for a week, but when he returns, he will buy monkeys at \$1000 each!

He also said that his employee will be in charge, and would take care of the monkeys he bought pending his return.

The Merchant went on holiday!

The Villagers were frantic and very sad as there were no more monkeys left for them to sell it at \$1000 each as was promised by the Merchant.

Then the Merchant's Employee contacted them and told them that he would secretly sell them some monkeys at \$700 each.

The news spread like wildfire. As the Merchant promised on his return that he would buy monkeys at \$1000 each, they would achieve a \$300 profit for each monkey.

The next day The Villagers queued up near the Monkey Cage.

The Employee sold all the monkeys at \$700 each. The Rich bought monkeys in large lots. The poor borrowed money from money lenders and bought the rest of the monkeys!

The Villagers took care of their monkeys & waited for the Merchant to return!

However nobody came!.... Then they ran to Find the EmployeeHowever he was not to be found!

The Villagers then realized that they have been duped buying the useless Stray monkeys at \$700each, and were now unable to sell them!

This Monkey Business is now known as Bitcoin!

It will make a-lot of People bankrupt and a very few People filthy rich in this kind of Monkey Business.

Hi Members,

Subject: CHMC 2022 ANNUAL RALLY

Good afternoon, Club Secretaries,

Firstly, on behalf of the Newcastle District Vintage and Classic Car Club Inc.'s 2022 CHMC ANNUAL CONVENTION Committee, we wish to extend our best wishes to all your members for a very Happy and Safe Christmas in this year of disruption. May goodwill and freedom greet us all into a new year as hopefully we leave this wretched COVID business behind us.

Secondly an update, and reminder for 2022 CHMC ANNUAL RALLY AND AGM. As you are no doubt aware this event will be held over the four-day weekend 1st to 4th April next year in Singleton NSW, our Club the NDVCCC being Host. Presently we have received 107 registrations of the 140 that we are able to accommodate, restricted only due to catering limits for the Sunday Evening Presentation Dinner at Singleton Diggers. Please, if any of your members, interested in attending, and whom have not yet registered, we remind everyone of the **January 31st cut-off date** that is required to suitably notify caterers and other interested parties of our numbers.

A recent inspection of Singleton Showground, our Registration Centre, Saturday evening BBQ, Sunday Club Assembly & Show 'n Shine, and Monday Morning farewell breakfast, revealed that grounds are in very good condition, and having a solid base not affected by the recent wet weather. Likewise, the Luskintyre Aircraft Museum is in pristine condition with magnificent examples of beautifully restored aircraft on display, and hopefully able to give us all a flying display on Saturday 2nd April.

You will have noticed from our official invitation that we have not arranged any specific rally points for Sunday afternoon following that mornings Show 'n Shine, and Awards judging. We have however made suggestions to some of those nearby destinations that your members might like to take the time to visit themselves, at their own leisure.

To this list we have one additional suggestion not previously offered, Terry & Vicki Smith, whom many participants of previous CHMC Rallies would be acquainted with, live approximately 8 kms from Singleton, have offered their workshop, Vintage and Classic Car Collection, as a destination for any 2022 CHMC Rally participant on Sunday 3rd April. We are sure that many members would be interested in viewing their beautifully restored vehicles and workshop.

We will have available for all Rally Participants a detailed Rally Book that in addition to all that other information pertinent to the rally, will have full detail of all our suggested Sunday interest points including now, Terry & Vicki's Workshop and Collection with directions on how to arrive there.

Again, best wishes for the coming Christmas Season, and looking forward to seeing you at Singleton next year for the CHMC ANNUAL RALLY.
