Orange District Antique Motor Club Inc. Presidents' report.

The January meeting was a portent of things to come. Thank you all for your attendance. The only sticking point is 3b which we will deal with again at the February meeting.

Some very interesting runs are planned but feel free to add any suggestions to the Events Committee as they are all club runs.

While we were in Inverell, I spent a couple of hours at the National Transport Museum. It has a great collection of over 100 vehicles and motorbikes and an impressive model railway. Unfortunately, it is 8 hours' drive so too far for a President's Run but well worth a visit if you are in the area. As is the Pioneer Village next door.

Our run to Lake Canobolas was most enjoyable. It was good to see the number of people who were there. The cafe is going well so should be good for future runs.

Keep your proof of approved club runs or logbook handy.....you never know.

ORANGE DISTRICT ANTIQUE MOTOR CLUB INC **EDITORS RAMBLE.**

Welcome to the February 2023 edition of the ODAMC newsletter. I'm putting this edition out a bit early again this month as I will be away for the last weekend of the month. (Usual printing time)

It was decided at the last club meeting to reinstate the newsletter onto the club webpage in its entirety. People looking to join our club can see what we are about rather than just seeing an abbreviated version that really didn't have any information at all. Members wishing to access the newsletter will now just be able to go onto the webpage and have a look.

As you will note, the events committee met on Tuesday 10th, with a few other interested members in attendance and have come up with some great runs over the next few months. It's always a pleasure to have some new ideas and enthusiastic people to help an event's meeting along. Thank you all who attended. Very appreciated. Don't forget you are still able to call short notice runs should any member wish to add an extra run anywhere. Some of the runs include some of our smaller local townships that have been hit hard by the floods so by going to them and buying coffee or snacks might help in some small way.

Susan Toy has organised a run to Eugowra on 16/02/2023 that will involve a visit to the Eugowra Children's Community Centre. This Centre has been extremely hard hit by the recent devastating floods, as a result, it was passed at the last meeting to donate the funds, excess to membership fees, to this Centre and make the presentation whilst on the run. If you would like to donate extra Money to this very worthy cause, please let Euan know, as the treasurer, via email the amount you wish to donate so he can adjust the ODAMC Cheque accordingly and collect the funds. Thank you all in advance for this very generous act.

I did send out an email earlier to give everybody a chance to have a think about it. Thank you Sue for organising this.

It was also decided at the last meeting to commence any runs out towards Millthorpe, Blayney Bathurst direction to start from HOME AND LARDER at Lucknow (previously TWO FAT LADIES). This will help prevent people living in that direction from having to come all the way into town then having to drive all the way back out again.

Kevin Bowyer wrote two small reports. One regarding the run out to Alectown and the other a memory of the flood which was prompted by traveling through the countryside. Certainly, a peek into the old Australia.

A couple of members have asked about the Wagga rally in June so I have tracked down the relevant information – from the CHMC website.

This month's edition, some pictures from the Christmas party at lake Canobolas, sent in by Kerrie. Also, some pictures taken from FLYNNS Wreckers in Cooma, on a recent trip away. What an amazing place to go and visit. History soon to be lost. Visit whilst you can. Both in the OUT and ABOUT section. Also

a Flyer for Suicide Awareness Ride/run. Any bike rider is welcome to attend. See Flyer for details. I spoke to Richard, one of the organisers and he stated cars from all clubs would also be more than welcome and a trophy for most desirable car would be awarded. This has also been forwarded on the ASCC so should be a good turnout for a very good cause.

Letters to the club

Kevin Bowyer wrote,

I apologise for the hiccup on the Alectown peak Hill run. Five cars left Cook Park for Manildra where we stopped for a break and a drink. Euan got a phone call and had to leave us so four cars continued driving on for the rest of the run. Driving in towards Parkes, my eyes turn to the Mugga Ironbark trees along the way. These trees were planted by the late Frank Armstrong who was a beekeeper and queen breeder. All good memories came flooding back. When we got to Peak Hill the pub that was open for the Parkes Autumn tour was closed but we found a café that was open, had lunch then a browse through the Antique shop. Very interesting. I was very impressed with the Austin A 70s touring capabilities with an excellent fuel return on 26MPG. All in all, I think it was a great day for vintage motoring.

Kevin Bowyer.

My memory of a flood.

The prospects of getting Honey from the Napunyah were very good around Eulo, in outback Queensland. Bee keepers came from near and far, then the rain started and a lot of it. The Paroo River flooded and beehives were seen floating down the river, there were huge losses. A beekeeper from Coonabarabran lost a lot of his hives and bees. We were able to help him out by giving him some of our bees for his hives, we felt this would help him get back on his feet. We shook hands on the deal and there where smiles all round.

Kevin Bowyer.

Out and about

A few snaps from Christmas Party at Lake Canobolas for magazine. Cheers Kerrie

- **Registration Matters.** Q.. "Who can drive a conditionally registered vehicle?" Any person who is the holder of the appropriate licence can legally drive a conditionally registered vehicle. They DO NOT have to be the operator/owner and they DO NOT have to be a member of a recognised historic vehicle club. The new **RMS "Log Book and Club Run" Fact Sheet** will be emailed by TfNSW directly to all clubs in a print ready format. We will alert you to this when it has been distributed.

This position was endorsed by delegates at CHMC's meeting on October 29th 2022, and is in accord with that of FIVA, the international peak body for historic vehicles: <https://fiva.org/download/electrification-of-historic-vehicles/>. CHMC's Position Paper can be read at <http://www.heritagemotoringcouncil.org.au/PUBLICATIONS.php>
- The position of **Assistant Secretary on the CHMC committee** is still vacant. Please consider whether you may be able to help our secretary Christine during the few times she is having a break away from home. The role involves assisting with enquiries when the Secretary is away, supporting the Committee at Council's 2 annual meetings, and the opportunity to be involved in councils sub committees, if desired. Contact Christine for further details secretarychmc@gmail.com
- Once again **CHMC has donated \$1000** (via CWA), on your behalf to assist flood affected people in the central west of NSW. We would encourage our member clubs to consider whether they can also afford to help.
