Presidents Report

I hope you are all enjoying the lovely autumn colors at the moment. It is a great time of the year with warm sunny days although at night fall you can certainly feel the chill in the air. Unfortunately, Rosemarie and I could not make the run up Mount Canobolas but I hear that it was a nice day, thanks Chris for the photos. Cars and Coffee in Blayney was a busy day with quite a few vehicles not regularly seen out, parked along the main street.

While on duty at the Millthorpe Museum recently a visitor asked me how many pounds there were in a hundred weight (cwt). I knew there were 112 pounds, but then he asked how many cwt in a ton? – answer 20. Then he asked, how many pounds would that be? I told him 2,240 lbs. It's amazing that some things you learn in your early years in life stick with you for years! These days I can't remember where I have left my keys or glasses. Now days we are still learning about kilos, tonnes, metres and kilometres. It all changed in 1970.

At this stage, 19 members have booked to attend the Presidents Run but there is still time to join in if you are interested. Please contact me as soon as possible.

Hoping you will enjoy some of the new runs on the events page.

Happy vintage motoring,

Peter

Editors Report

The events committee met this week to plan our events for the coming months. You will note that our regular runs that happen on the 1st Thursday and the 3rd Sunday have changed slightly in May and June. May will see us out and about on the 2nd Thursday to Molong and in June there are a few things on so there will be 4 outings to add to your calendar – none on our regular days.

We have included the Manildra Movies that the Parkes Antique Motor Club have had a regular Sunday booking for car clubs to attend for many years. If you intend to go, please note that it has been changed to 1.30pm on **Saturday 15th June**. Kevin Penson will advise us of the movie title as soon as he knows.

Kevin has also advised that Brian Gray the “Magneto Man” from Cookamidgera/Parkes tragically died in a car accident on Easter Monday. He was the supplier of magnetos for Howard Tractors, Model T Fords and many other vintage and veteran cars. He also attended many rallies and swap meets. He will be missed by many who are restoring historic vehicles.

April Runs

Thank you to Chris Gray who sent these photos in, of the small flock of cars that made to the top of Mt Canobolas. Bernie (pictured) gave an interesting talk about the construction of the 2nd television transmitter tower. Presently there are 7 aerial towers on the mount.

Last Sunday Blayney hosted a Coffee and Cars morning in the main street. There was a good roll up of cars from various clubs around the district which made a great display on a beautiful autumn day. A great variety of cars on parade.
